The Melancholy of Paderewski's Life.

Under the title of "A Polish Fantasy" Mrs. Hermann Kotzschmar, in the November Ladies' Home Journal, writes most interestingly of Paderewski—in fact, she gives a biography of the early career of the famous pianist, in which tragedy, romance and pathos play conspicuous parts. She tells of Paderewski's courtship and marriage, of his extreme poverty, of his wife's great devotion and supreme belief that he would rise to distinction in the musical world, and of her pathetic death, leaving an infant to his care. One reading the story we readily account for the melancholy that has come into the great pianist's life. Never before have these chapters of Paderewski's life been given to the public, and they will be read with the keenest interest. They surely attest the veracity of the venerable adage: "Truth is stranger than fiction."

...My Favorite Preparation

Is my EGG EMULSION of Cod Liver Oil with Hypophosphites Lime and Soda. It is having a reputation with all who have used it.

I am proud of this fact, as well as of the preparation. It is superior to any Cod Liver Oil emulsion I have seen, and is almost as palatable as an Egg Punch.

Contains 42 per cent Pure Norwegian Cod Liver Oil.

Emulsified with Eggs, and and flavored with Brandy. It is therefore ALL good and readily assimilated.

It is indicated in all Pulmonary and wasting Diseases, Colds and Chronic Coughs, is an excellent general Tonic and Tissue builder.

I will buy back every bottle that does not give perfect satisfaction.

Price, 40c and 80c. Per Bottle.

CUBANS WANT A GENERAL RELEASE.

United States Evacuation Commission
Receives a Petition to Intercede
For General Rivera.

Havana, Nov. 3.—An appeal signed by a large number of Cubans has been presented to the United States evacuation commission begging them to intercede with the Spanish government for the release of the Cuban general Rius Rivera, and the Cuban colonel, Bacillas, his chief of staff, who in March of last year were captured by the Spanish general, Hernandez Vando, while operating with his column in the hills about Cabezas de Honda. The local papers say the American commission have forwarded the petition to Captain Blanco, but it is safe to assume that they have taken no steps in the matter as it would be entirely outside their province. General Butler called at the palace and had an interview with General Blanco, but the American commissioner says the visit was entirely unsatisfactory.

Mr. Gould, legal adviser to the United States evacuation commission, will sail for the United States on the Valencia. He goes to attend to private business, and will return here in the course of a fortnight. The party which landed on last Thursday from the transport Panama included Representative John Daimel and former Congressman-at-Large Huff. The party will also be passengers by the Vigilancia.

The Spanish officials have announced a sale of government tugs and launches. The only sale effected was of a launch, which went for \$3500. In the others the bids fell below the two-thirds estimated value, and the articles were not sold.
